Policeman Shoots Winchester Boy

Saved as Victim's Gun Jams

Facing death when an alleged auto thief attempted to fire a pistol, Patrolman John J. Murray, Jr., of Winchester, shot the youth today through the stomach.

In a critical condition, he was taken to Winchester Hospital, where he identified himself as Robert Hammond, 17, of Main street, Winchester, who lived until recently in Stoneham.

Patrolman Murray, nephew of the Winchester police chief, was on his way in a police radio car to conduct children across the street at Mystic school, in an exclusive section, when he sighted a sedan reported as stolen.

Chasing the sedan for 300 yards, the officer ordered the driver to the curb in Symmes square, Main street and Richford road.

The youth was ordered out of Continued on Page 4, Column 4

Aircrafts Higher, Other Shares Off

NEW YORK, May 14 (AP)—Aside from aircrafts and a few rails and specialties, stocks tilted slightly downward in today's market. Trading was dull.

THE WEATHER

Cloudy and cold; Tuesday fair and warmer. (Complete report on Page 2).

EXCLUSIVE

Fate takes a hand to save a policeman's life, and Robert I. Hammond of Winchester, lies critically wounded among rocks near Symmes square—after his gun jammed and he lost his duel with Patrolman John J. Murray, Jr., today. The suspected auto thief's automatic misfired . . . but Murray's police gun didn't. Photo was taken a few seconds after Hammond fell.

Helium Grabbers?

Nazis Score U. S. as Trade Crushers

By PETER J. HUSS

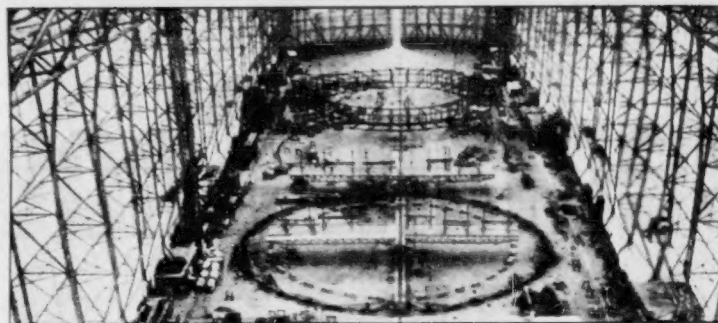

International News Service Staff Correspondent

BERLIN, May 16 (INS)—German-American relations today rapidly approached a new crisis as bitterness over America's "helium holdout" became more acute, and the press charged the United States with trying to drive Germany out of South American markets.

In an organized outcry by the press, the German public was told that America sought to kill the Reich's Latin-American trade by spreading the report that Nazism engineered last week's abortive green-shirt revolt in Brazil.

The press said this "smoke-screen" was being spread "from Wall Street and Washington."

Germany's verbal bombardment of the United

ZEPPELIN WORKERS SPEED CONSTRUCTION OF LAST GERMAN DIRIGIBLE

States was the second in three days from a totalitarian state. On Saturday, Premier Mussolini commented caustically on "speech-makers from across the sea," referring to the charge of

Secretary of War Woodring that Fascist nations were leading the world to war. Italian newspapers held that such remarks as Woodring's were in themselves paving stones toward war.

The American embassy was greatly puzzled today by Saturday's announcement, through the German official news agency that Washington's protest against "utilization" of American

Jewish fortunes had been rejected by the German government.

The embassy received no such communication, nor was any embassy official requested to appear at the German foreign office up to a late hour today.

This fact aroused conjecture whether Germany had deliberately snubbed the United States in ignoring diplomatic formalities in replying to the American protest.

The German press contended that America was the instigator of the anti-German drive in Brazil, with the Brazilian foreign minister acting as "Washington's instrument."

Measures also were threatened — probably meaning economic pressure — for safeguarding German interests in Brazil.

Swinton Out, Wood Given Air Post in Britain

LONDON, May 16 (AP)—Prime Minister Chamberlain today announced a realignment of his cabinet, sending Sir Kingsley Wood, minister of health, to replace Viscount Swinton, secretary of state for air, target of charges by all parties that Britain's aerial rearmament was lagging.

Swinton resigned from the cabinet as a result of last week's uprising in Commons in which critics charged that Britain's air defense program was being far out-paced by Germany.

Malcolm MacDonald was appointed secretary for colonies and was succeeded as secretary for dominions by Lord Stanley, former Parliamentary and financial secretary to the admiralty.

Lord Halsbury—the former William G. A. Ormsby-Gore—resigned as secretary for colonies. This was a result of his entering the House of Lords after the recent death of his father and his succession to the title.

Walter Elliot, who had been secretary for Scotland, replaces Sir Kingsley Wood as minister of health.

There were a number of other switches in relatively minor posts.

Students Revolt In Mexico City

MEXICO CITY, May 16 (AP)—Socialist students today seized buildings of the University of Mexico in a sudden attack that left a number of wounded. The students then barricaded themselves against quickly summoned forces of police and firemen.

The student outbreak was the newest manifestation of internal unrest following the March 18 expropriation of 17 British and American oil companies.

Associates of the agrarian leader, General Saturnino Cedillo, charged today President Cardenas was trying to "drive him to rebellion" to distract public attention from administration troubles.

Cedillo, who has an armed peasant following to whom he has allotted land on his estate in San Luis Potosi, broke with Cardenas last August and quit the ministry of agriculture.

There since have been frequent rumors he was ready to lead a revolt against the government.

The latest rumors sent federal troops into San Luis Potosi, northwest of here. They mounted anti-aircraft guns on four church rooftops and established an anti-aircraft unit at a principal street corner where there are public buildings.

REVOLT LOOMS

Cedillo's friends here said he had promised through representatives not to revolt, if Cardenas discontinued moving troops into the state, but Cardenas refused. There are now nearly 9000 soldiers there.

The government was permitting the situation to develop, informants contended, to camouflage its troubles over oil, climaxed on Friday by breaking of relations with Great Britain.

(International News Photo)

QUITS POST—Gen. Saturnino Cedillo, who has resigned from Mexican army following country's break with Britain over oil lands.

Meanwhile, efforts were under way to adjust United States interests in the 17 British, American and Netherlands companies which Cardenas expropriated.

MEXICO "OFFER"

It was believed Mexico would try to get the United States oil interests, which value their holdings at \$150,000,000, to take payment in ten years, instalments to be guaranteed by 60 per cent of Mexico's oil production.

Cardenas advanced this scheme

unofficially at a dinner to foreign newspaper correspondents last week.

Czechs Seek German Parley In Nazi Crisis

Copyright, 1938, by International News Service

LONDON, May 16—The Czechoslovakian government has decided to open immediate negotiations in an effort to settle the mid-European crisis involving the demands of Konrad Henlein's pro-Nazi Sudeten Germans.

In effect the negotiations will constitute a theoretical victory for the Sudeten political chieftain since Czechoslovakia hitherto has taken the standpoint that disputes involving national affairs could be handled only through a parliamentary leader.

Henlein, who has demanded complete autonomy in a new Nazi-inspired state for his followers, left London Saturday after talking with several Parliament members and Sir Robert Vansittart, chief British diplomatic counsellor.

Czechoslovakia's embassy, it was disclosed, searched for any changes in Henlein's militant attitude. Even before he departed for his home by way of Berlin, where he conferred briefly with high Nazi officials, the embassy notified Prague not to wait for the outcome of forthcoming elections, but to request immediate negotiations.

Franco Slowed By Spring Rains

HENDAYE, France (Al the Spanish Frontier), May 16 (AP)—Heavy rains lashed the coastal Sierras today, slowing the Insurrent's eastern Spanish offensive after it had made steady gains in the rugged mountain terrain east of Teruel.

Chicago Goes Broke!

150,000 NEED FOOD

CHICAGO, May 16 (AP)—With Chicago's relief funds exhausted, city and state officials today faced the problem of feeding 34,000 families, approximately 150,000 persons.

Gov. Henry Horner said he would call a special session of the Illinois legislature to handle the relief situation.

Fortunate

IN AUTO DROP—Miss Doris Foote, 22, society girl of Chestnut street, Beacon Hill, today nursed only slight injuries after auto in which she was riding with Charles Poor of New York dropped into 16-foot excavation at Gotham's Triborough bridge.

Pope, Franco Name Envoys

CASTEL GANDOLFO, Italy, May 16 (AP)—A Vatican news service announced today the Holy See and the Spanish Insurgent government had arranged to exchange plenipotentiary diplomatic representatives, completing formal recognition by the Vatican of General Franco's regime.

The Insurgents named as ambassador Don Jose Maria de Yanguas Messia, Viscount of Santa Clara and Avedillo.

Pope Pius chose as apostolic nuncio his former nuncio in Austria, Monsignor Ciccognani.

Plunge to Charles River Kills Man

A man, not immediately identified, plunged to his death today in Charles River from the Cambridge side of the Longfellow bridge.

Before aid could reach him the man sank from sight. Metropolitan District police from the Charles River Basin station later recovered the body.

HUNT TAXI THIEF

ATHOL, May 16—Police today sought a taxi passenger who ordered Harold Morrissey, 50, the driver, out of the cab in Tully at pistol point, took the machine and left Morrissey standing in the road.

Leo M. Lyons, relief commissioner, said he was powerless to prevent closing of Chicago's 23 relief stations Wednesday and suspension of 1500 of the 1908 employees.

Unless emergency funds are raised, Lyons said, 34,000 of the city's 93,000 relief families will receive no checks this month. He estimated the shortage for the rest of the year at more than \$12,000,000.

Lyons asserted the needy families will be compelled to subsist on Federal Surplus Commodity Corporation foodstuffs distributed as supplemental aid to all relief clients.

He said the commission had enough food on hand to feed each of the 34,000 families about a week.

Mayor Edward J. Kelly reiterated his objections to increasing sales taxes or real estate taxes.

"Any program for relief aid must be state-wide," the mayor said. "I am against the city carrying the load for relief. The city is part of the State. Chicago is in trouble and needs the help of the state."

Cleveland Crisis Grave; WPA May Give Jobs

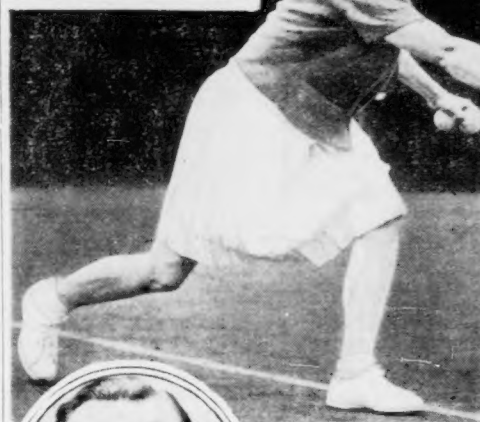

CLEVELAND, May 16 (AP)—Cleveland faced its third relief crisis in three weeks today with officials negotiating for WPA aid and council meeting to take relief funds from other budgets.

City Relief Commissioner Frank E. Buhna said conferences were being held with WPA officials on a proposal to give temporary WPA jobs to some 7500 to 10,000 family heads on direct relief.

This would provide for only part, however, of the \$7,000 direct relief clients here, and officials expected that city council would make up another emergency fund tonight to provide food for urgent cases until some action results from a special session of the state legislature, convening today in Columbus.

Regular relief funds ran out

here last month. City council first set up a \$50,000 emergency fund by transfer from the city's share of WPA projects and another similar \$70,000 fund last week. These have been exhausted.

HELEN WILLS MOODY

CUPID SERVING?—Helen Wills Moody and Capt. Victor Cazalet are setting British tongues wagging over a reported romance.

CAPT. VICTOR CAZALET

Coakley Reported In Good Condition

Executive Councillor Daniel H. Coakley, of Brighton, rested comfortably at Carney Hospital today following a major intestinal operation.

The surgery was performed by Dr. Roger Graves, of Bay State road, who reported the condition of his 72-year-old patient as "good."

Tucky French Astor In New York Hospital

Mrs. John Jacob Astor, 3rd, the former Ellen "Tucky" French of Dedham, has been in Doctor's Hospital, New York, for a week, and expects to remain two weeks more, it was learned today.

Members of her family refused to comment on her hospitalization.

Mrs. Astor was a patient at the same hospital in July, 1935, when she gave birth to a son, William Astor, with whom the couple have since traveled throughout the world.

The former Dedham girl, socially prominent relative of the Van-

derbilts, was married in June, 1934, to the 21-year-old heir to the Astor millions at one of the season's outstanding weddings.

The wedding followed shortly after a bitter fight over the breaking of Astor's engagement to Eileen Gillespie. Her parents returned a \$100,000 engagement ring.

Helen Wills Love Told in Britain

LONDON, May 16 (INS)—Despite denials by each, Britain's tennis circles were agog today over reports of a romance blossoming between Mrs. Helen Wills Moody and Capt. Victor Cazalet, wealthy British bachelor member of Parliament.

Friends of Cazalet claimed he

has been "in love with Helen for years," even before her marriage, which ended in divorce.

Because he is 20 years older than the American star, who is here for a tennis comeback, it was said he preferred to remain a silent suitor.

Upon her arrival, Mrs. Moody went directly to Cazalet's Belgrave square home, where he lives with his sister, Thelma Cazalet, also a member of Parliament, and has been staying there. She and Cazalet frequently play tennis together at Wimbledon and are seen together at parties in the evening.

Door Waif Baptized

FALL RIVER, May 16—A mother's last plea for the baby she abandoned during Saturday's midnight tempest—that her tiny son be baptized—was fulfilled by Saint Anne's Hospital officials today.

In the hospital chapel little "Storm Baby" was baptized. The priest repeated the waif's name, newly given by those caring for him.

"Jean Marie Joseph Reginald."

Meanwhile Rhode Island state troopers and officers of the Massachusetts state police at Rehoboth used the pasteboard box which served as the child's cradle and his milk bottle as clues in their search for his parents.

At the hospital "Storm Baby" was said to be about 12 days old and in excellent health.

Woman Faces Cape Fire Quiz

PEMBROKE, May 16 (AP)—Mrs. Philip Boyden, 50, prominent church worker, today was served a summons to appear in Plymouth district court tomorrow to answer a charge of setting a forest fire.

The summons was served by Police Chief Edward Turner on request of Fire Warden William Day, who said cranberry workers reported they saw Mrs. Boyden ignite dry leaves.

Turner said there had been 15 forest fires in the vicinity of Mrs. Boyden's cottage on Big Sandy pond.

25 Die in Hotel Fire; 13 Injured, Many Missing

ATLANTA, May 16 (AP)—Flames which started in a basement kitchen killed 25 persons at the Terminal Hotel early today, left 13 injured and an undetermined number of others missing.

More than a dozen persons were rescued or leaped to safety.

Reports to firemen and police indicated from 50 to 65 persons were registered in the 62-room, five-story brick and frame building.

A high wind from the west fanned the flames.

City sanitary crews were set to work in mid-morning removing the debris. With tractor power barred because of the danger of pulling down the walls, engineers estimated two days would be required to clear out the wreckage.

DEAD IN DEBRIS

Many of the dead were found amid the charred timbers and steel which dropped from the roof, carrying away the burning floors. Police Chief M. A. Hornsby expressed belief "10 or 15 more" bodies would be found in the mass of debris piled up on the street level.

Speed with which the flames gained headway amazed witnesses. Police Lieut. J. T. Lanier said he was five blocks away in a patrol car when he saw the fire shoot up, and that by the time he arrived smoke veiled all the building.

TRAPPED IN PRAYER

"I couldn't see them," he said, "but I could hear people on the upper floors crying out and praying." Mayor Will B. Hartsfield said the hotel was of a construction type no longer permitted under the city building code, but had been remodeled somewhat from its original status.

The fire was described by Fire Chief O. J. Parker as "the deadliest in the history of Atlanta."

Collapse of the roof, plunging debris through charred floors to the basement, cut off hope of survival for any who were trapped.

Only the walls were left standing.

Hotel attaches said "at least 50" were registered when the flames broke out with an explosion in the basement kitchen shortly after 4 a. m. (EDT).

Five persons jumped. One man, unidentified, who leaped from a fourth-floor window, died of a broken neck.

Three other men were suffocated.

STILL DRENCH DEBRIS

A dozen hose lines still poured water through shattered windows after dawn. Ambulances were lined up in the southern railway station plaza across a street, waiting for the discovery of other victims.

E. K. Guley, 48, special agent of the Department of Internal Revenue, and his wife were awakened by smoke and fled down a fire escape.

"Two minutes more," Guley said, "and we would never have made it. I don't see how any of the others could have got out alive."

Mrs. Guley was removed to another hotel. Guley, with a borrowed raincoat over his pajamas, stood in the spray of the fireline to watch demolition of the structure where he had made his home.

FIND FAMILY DEAD

"Smoke awakened my wife, first," he said. "I started to open the door into the hall. It was hot. Then I realized that would be the worst thing to do. We went through the bathroom to the fire escape."

Firemen found one man dead half way across a window sill. His pocketbook was partly burned and only the name — Roberts was found on a telephone bill.

Firemen described the death of what was apparently a family — father, mother, young son and daughter.

Atlanta Fire Victim

FIRE DEAD—Body of unidentified victim of Atlanta hotel fire is lowered from an upper floor after flames swept building, bringing death to 25 persons and injuries to 13. Many others are missing.

President Seeks New 'Dictator' Bill

WASHINGTON, May 16 (INS)—President Roosevelt today told the "big four" of congressional leadership that he would like to see a federal reorganization bill passed at this session—but he carefully refrained from labeling it "must" legislation.

House Majority Leader Rayburn disclosed this today as he left the White House in company with Vice-President Garner, Speaker Bankhead and Senate Majority Leader Barkley at the conclusion of their customary morning conference.

Rayburn conceded that the Reorganization bill, which precipitated an extremely bitter fight and one of the administration's major defeats some weeks ago, had been discussed at today's session.

"The President said he would like to see a reorganization bill

passed," the House leader said, "but he did not put a 'must' on it."

The legislative program between now and adjournment will be on a day-to-day basis, Rayburn indicated. He expressed hope Congress could wind up by June 4.

LAUDER IMPROVES

GLASGOW, Scotland, May 16 (AP)—Sir Harry Lauder, Scottish comedian, whose left thigh was fractured in a fall, was reported today to be improving.

Labor Board Wins in High Court

WASHINGTON, May 16 (AP)—The Supreme Court ruled today that working men, who strike as a result of an unfair labor practice by their employer, are entitled to protection of the National Labor Relations Act.

This decision was given in upholding an order by the National Labor Relations Board directing the MacKay Radio & Telegraph Company to reinstate five employees who had gone on strike in San Francisco.

Justice Roberts, who delivered the decision, asserted that the strikers remained employees under the labor act "and were protected against the unfair labor practices denounced by it."

Roberts announced no dissent. Justices Cardozo and Reed did not participate.

The court reversed an opinion by the Ninth circuit court of appeals refusing to approve reinstatement of the five men on the ground that they had severed their employment by striking.

Roberts said the board's findings as to discrimination were "supported by evidence."

Spend-Lend Bill Passage Seen

WASHINGTON, May 16 (INS)—Senate passage of President Roosevelt's \$3,179,435,000 spend-lend recovery program next week was the objective set today by administration leaders in face of a fresh withering attack on New Deal spending policies.

Democratic congressional lieutenant, called to the White House for a conference today on the legislative outlook, will report to Mr. Roosevelt none of the opposition developing on many fronts appears ominous.

Opposition forces suffered a severe setback with the announcement by Senator Glass (D.) of Virginia, bitter critic of the administration's spending policies, he intends to return to his home in Lynchburg as soon as the appropriations committee, which he heads, reports the recovery bill to the Senate.

Opponents of the measure had banked on rallying behind Glass as their spearhead in the embroilment.

Why Not Write This Head Too, Then

Special to Boston American

CHICAGO, May 14—Students at Y. M. C. A. College who have been struggling with federal and other statistics on employment have reached an amazing conclusion—there is actually a labor shortage.

One of them, Harold Knudsen, took pencil and paper and produced these figures:

Population of Continental U. S.	122,600,000
Persons eligible for old age pensions	15,600,000
This leaves to do all work	107,000,000
Ineligible to work under child labor laws	20,000,000
This leaves to do all work	87,000,000
Persons on city, state and federal payrolls	22,000,000
This leaves to do all work	65,000,000
Housewives	40,000,000
This leaves to do all work	25,000,000
Disabled and students over 18	11,000,000
This leaves to do all work	14,000,000
Estimated number of unemployed	13,909,998*

Knudsen concluded:

"This leaves me and President Roosevelt to do all the work in the country. Most of the time he's away fishing—and I'm getting darn sick of doing it all."

5 Seamen Dead In Weird U. S. Ocean Tragedy

LONDON, May 15 (INS)—A tragedy of the sea which began when one seaman killed another, and ended in the death of five sailors, was revealed today with the arrival of the Baltimore mail liner City of Norfolk.

A guarded statement issued from the City of Norfolk said one member of the crew murder another in a quarrel Saturday night, then jumped overboard.

A boat was speedily lowered, but it capsized in the rough sea. The three members of the boat crew, besides the murderer, were drowned.

Another lifeboat crew was launched, but the mates proved too rough for rescue efforts.

The killer was the galley boy, who stabbed the second cook, Ernest Topps, after repeated quarrels, and leaped into the sea.

All the five dead were Americans.

BATTLE FOR SMALL BABY

BINGHAMTON, N. Y., May 16 (AP)—Physicians worked today to save the life of a 24-ounce girl born Saturday morning to Mr. and Mrs. Ray Colvin of Binghamton.

Confesses His Guilt

FINGERPRINT ACCUSED—Henry Ingerson, 59, Sagamore widower, who found body of "Teddy" Castonguay, 3, in sewer trench being fingerprinted by Sergt. J. E. O'Toole in Bourne police station. He pleaded guilty in court today to attacking the dead boy's two sisters. He was held in high bail.

Admits Attack on Sister of Bourne Victim

BARNSTABLE, May 16—Henry E. Ingerson, 59-year-old Sagamore carpenter, was held in \$10,000 bail today in district court after pleading guilty to statutory assault on Louis Castonguay, 7, of Sagamore.

The girl is a sister of little Edward (Teddy) Castonguay, mystery death victim, whose body was found Friday by Ingerson in a Sagamore filter bed.

"Substantial sentence" for Ingerson will be asked in court tomorrow, State Detective Ernest Bradford told Judge Paul M. Swift in asking that high bail be set.

The detective asserted that there are eight assault charges against Ingerson, involving Louise and her sister Noella, 9.

Ingerson was formally arrested last night on the assault charges after he assertedly made admissions at Bourne police station.

Shortly after he discovered the body of Edward in a filter bed Friday morning, Ingerson was taken to the Buzzard's Bay police station and questioned about the boy's death.

The theory young Edward was murdered and not drowned became strong when Henry A. Jarvis and Alonzo Sampson, chief of the Bourne fire department, declared they had searched the filter bed

and found nothing the day after the boy disappeared.

Japs Holding Secret War Talks Near Manila

MANILA, May 16 (AP)—The Daily Bulletin published a special dispatch today from its Davao correspondent saying he had learned that thousands of Japanese in that province were holding secret meetings at which they received careful instructions in use of gas masks and firearms.

Rumors have been current the dispatch said, that Japanese have been manufacturing firearms in isolated mountains.

The Bulletin's correspondent wrote that Major Leon Reyes, Davao commander, had said he knew the Japanese were holding secret meetings.

"We investigated but didn't understand what they were talking about," he was quoted as saying.

Residents of Davao province have been uneasy since the appearance some weeks ago of what was described as a fleet of warships. A Japanese spokesman at Tokyo said later, the ships were Japanese fishing vessels.

Approximately 15,000 Japanese live in Davao province.

Tinkham Sees U. S. Led to War

WASHINGTON, May 16 (INS)—Charging President Roosevelt's approval of the Italo-British pact was made at the behest of the British government, Rep. Tinkham (R.) of Massachusetts, accused the administration of repudiating "our traditional foreign policy of non-interference in European affairs."

"Under the leadership of President Roosevelt, the United States is without a foreign policy based on history or intelligence, even as it now without a domestic policy based on precedent."

or logic, or reason," Tinkham declared.

"The President's approval, at the dictation of the British Foreign office, of British action in relation to the conquest of Ethiopia, is a complete repudiation of our traditional foreign policy of non-interference in European affairs."

"It is also a complete reversal by the President of the position he took in his speech at Chicago on October 3, last."

News Briefs

MANILA, May 16 (AP)—Radio-grams from the American consul at Amoy, China, to the Red Cross today indicated that foreign settlements at Kulangau were jammed with 70,000 Chinese refugees from the Japanese conflict and were faced with serious food and health problems.

PITTSBURGH, May 16 (AP)—Smartly-dressed young society women from New York to Hawaii gathered here today for the 18th annual conference of the Association of Junior Leagues.

LONDON, May 16 (INS)—The British Government has commissioned secret purchases of meat valued at 3,000,000 pounds sterling from South America, New Zealand and Australia for Great Britain's "war chest," it was understood today.

HELSINGFORS, May 16 (AP)—Twenty thousand "union of front men" paraded today before Field Marshal Justus Mannerheim in commemoration of the 20th anniversary of the end of Finland's war for independence against Russia.

BUCHAREST, May 16 (INS)—On a charge of treason, Corneliu Zelea Codreanu, leader of the filistary Fascist Iron Guard, will shortly be tried by a military court, it was officially announced today.

SHANGHAI, May 16 (AP)—Seven-year-old Igor Yavtreb, child of a white Russian family, playing in the bomb-strewn ruins of the Hongkew section, found a new toy. Today it killed him—it was a hand grenade.

ZELL-AM-SEE, Germany, May 16 (AP)—Field Marshal Hermann Wilhelm Goering today turned the first spadeful of earth for a gigantic hydroelectric power plant near the village of Kaprun, Austria. The plant is expected to be capable of supplying half of Germany with power.

2 Hurley Leaders Admit They Got Jobs

Charles F. LaPoint of Fall River was a member of the Democratic state committee when he was given a \$2400-a-year job with the Massachusetts Unemployment Commission last December, he admitted today.

Called as a witness before the joint legislative committee investigating alleged political partisanship in awarding unemployment commission plums, LaPoint testified he got his job about Dec. 6 and resigned from the state Democratic committee about Dec. 24.

JUST COINCIDENCE

He denied political influence was responsible for his appointment as district supervisor of claims for the Unemployment Commission.

"It was just coincidence I suppose?" Attorney Warren Patten asked.

"I suppose it was," LaPoint agreed.

Patten called attention of the investigating committee to the name of Charles B. Clavin of New Bedford on the Unemployment Commission job roster.

JOBS TO OTHERS

He said Calvin was a military aide on Governor Hurley's staff, according to the manual of the General Court.

Martin Leo Coyne, chairman of the Franklin County Democratic Committee and husband of Mrs. Frances Coyne, member of the Democratic State Committee, was another witness.

He admitted he has a \$2520-a-year job with the Unemployment Commission as a district superintendent. His sister also has a job with the commission, he stated.

HURLEY MANAGER

Coyne, who lives in Franklin street, Greenfield, was questioned by Attorney Warren Patten concerning his management of the Democratic campaign in 1936 for Governor Hurley and others.

"You got paid for it, didn't you?" Patten asked.

Coyne launched into what amounted almost to a political address in reply, the gist of it being that good Democrats aren't paid for their efforts in behalf of the people. Patten said:

"Well, you got a job, didn't you?"

"Yes," Coyne answered.

CAN'T LIVE ON PAY

Then he added:

"But I can't live on \$2520 a year."

He is a security salesman by profession, he explained, and his annual income from 1927 to 1937 averaged \$5000. He skes out his wages as a district superintendent for the Unemployment Compensation Commission, he said, by selling securities "on the side."

Dispute over the state budget featured earlier testimony. Representative Christian Herter, Jr., asked James E. O'Neill, chief examiner for the Civil Service Commission and an acting commissioner in the absence of Commissioner Thomas H. Green, who is ill, why 10 girls who were grading papers in recent unemployment commission examinations have been let go.

"We had no money to pay them," O'Neill replied.

"Who told you that?" demanded Herter.

"Our own books," O'Neill replied.

Q—Didn't you fire them because the Senate did not enact a budget bill? A—I'll say yes to that question.

Q—Are you anxious to get those examinations corrected? A—I certainly am.

Herter asked O'Neill if he was familiar with the Governor's \$100,000 emergency fund, and whether he knew he could have called on the Governor to piece out his appropriation from that fund. O'Neill replied he did not know he could do that.

DIDN'T CONSULT THEM

Herter then called attention to the fact that Civil Service items in the budget were not touched by any suggested amendments, and asked O'Neill whether he couldn't have anticipated that the Civil Service would get the amount originally asked.

"In the absence of a budget," O'Neill replied, "I didn't know what to anticipate. I didn't want to jeopardize the pay of permanent employees."

Q—Did you consult the comptroller, the attorney-general or the Governor on possible ways and means of keeping the 16 employees who were let go? A—No.

Q—Then you made no effort to keep them? A—I wouldn't say that.

NLRB Orders Boston Election

WASHINGTON, May 16 (AP)—The National Labor Relations Board ordered a collective bargaining election today among employees of the Keystone Manufacturing Company, Boston to determine whether they want to be represented by the United Toy and Novelty Workers (CIO) in negotiations with the management.

The election is to be held within 15 days.

The board also ordered a similar election among employees of the Marks Brothers Company.

Dictatorship Attempt Perils Two Air Bills

By GEORGE ROTHWELL BROWN
(Special to the Boston Evening
American)

WASHINGTON, May 16.—American aviation today entered the most fateful week in its history, confronted by an eleven-hour effort behind the scenes of the administration to set up a one-man dictatorship over the entire industry.

The attempt already has succeeded in the Senate, where a last-minute amendment has been added to the McCarran civil aeronautics bill, which deprives the proposed new aeronautics authority of its independence, and makes it a spineless and subservient creature of the President.

HOUSE ACTION

A year ago the House interstate commerce committee reported a bill to extend to the Interstate Commerce Commission regulatory powers over air transportation.

The Lea bill, now before the House, represents a complete reversal of this position.

House debate has developed that this reversal was brought about by a so-called but unnamed "interdepartmental committee," and that the adroit hand of the President's son and confidential secretary, James Roosevelt, was instrumental in producing the about-face.

POINTS DANGER

Under an independent aeronautics authority, free from political control, the industry could go forward to healthful expansion.

Under the Senate amendment the air industry certainly will fall into the clutches of a new politically-dominated bureaucracy, another NLBB.

Air Mail Birth Lived Again by Pioneers

WASHINGTON, May 16 (INS).—Pioneers of the air who launched the first United States airmail service 20 years ago today re-enacted the birth of the airmail service.

Over the 218-mile New York to Washington route of the first airmail flight a luxurious 21-passenger plane sped with a ton of mail and hundreds of pounds of baggage in one hour and 20 minutes where 20 years ago a single plane with a lone pilot required three hours and 21 minutes to carry a small cargo.

And from the air, the pilot of 20 years ago described by radio the difference between the hazardous journey and the comfortable trip of today.

The pilot, Lieutenant J. C. Edger-ton, was honor passenger. The plane was piloted by Dick Merrill.

In command was Captain Eddie Rickenbacker. Also at the controls was Jack Lambie, who made two round trip Atlantic crossings with Merrill.

First Lady Marks Air Mail Week

WASHINGTON, May 16 (INS).—Air mail week was opened here by Mrs. Franklin D. Roosevelt.

She went to the portable post office set up on a lot in the downtown section beside a huge air mail sleeper, and posted a letter to her daughter, Mrs. John Boettiger, whose husband is publisher of the Seattle Post-Intelligencer.

2 BANDITS SLAIN

EAST PALESTINE, O., May 16 (INS).—Two bandits, believed to be from Youngstown, were shot and killed today when they attempted to hold up the Eagles Club here. A third man, who waited outside the club, escaped.

Henry Picard

LOOKS THE SITUATION OVER!

"I've never favored one particular cigarette, Mr. Picard. I can see you do though. Do you find Camels different?"

"Camels are distinctly different from other cigarettes, Mr. Stahl—and they're different in many ways. The longer I smoke Camels, the more I appreciate their natural smoothness and mildness—the real mildness that's easy on the throat. Camels never tire my taste. Camels agree with me—from all angles. You know, I hear so many top-flight golfers praise them. Camels never get on your nerves, and Camels set you right!"

Picard's game seems effortless. He's a long driver—in a tight spot, a heady strategist. "A cigarette, too, has to be sized up from a lot of angles," he says.

WORLD-FAMOUS GOLFERS—men who need iron nerves and steady hands for that winning stroke—and millions of other people under the strain of everyday life—all appreciate this fact: Camels suit your cigarette taste from every single angle. Naturally, **CAMELS SET YOU RIGHT!** There's a world of pleasure and enjoyment in a cigarette like that. Smoke Camels yourself, and see why they are really so different from other cigarettes. And note one big difference in particular—the greater pleasure and contentment you experience from Camel's *costlier tobaccos!*

**On the air Monday nights
E-D-D-I-E
C-A-N-T-O-R!**

America's great fun-maker and personality, brought to you by Camel cigarettes, every Monday night over Columbia Network. See the radio listing in your local newspaper for the correct time.

**On the air Tuesday nights
BENNY GOODMAN
THE "KING OF SWING"**

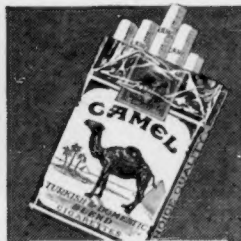

Hear the great Goodman Swing Band "go to town." Every Tuesday night at 8:30 pm E.S.T. 9:30 pm E.D.S.T.; 7:30 pm C.S.T., 6:30 pm M.S.T., 5:30 pm P.S.T., over Columbia Network.

"'LOADING SHIP' in a 60-hour stretch," says Captain Francis Dolan, Marine Superintendent, "a man can't be fussy about food. I like Camels during, and after meals 'for digestion's sake.' I sure like the comfort and contentment Camels bring me at mealtimes."

YES SIR, AND IT'S CAMELS for Mike Maguire, tunnel engineer. Bossing 200 men deep under mud and water means, as Mike puts it: "I can't risk having 'jangled nerves.' So I stick to Camels. Besides, there's a delightful 'lift' in a Camel for a man when he's tired. Camels hit the spot!"

Camels are a matchless blend of finer, MORE EXPENSIVE TOBACCOS — Turkish and Domestic.

PEOPLE DO APPRECIATE THE COSTLIER TOBACCOS IN CAMELS

THEY ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

ONE SMOKER TELLS ANOTHER

"CAMELS AGREE WITH ME"

TOBACCO PLANTERS SAY:

"We smoke Camels because we know tobacco"

Marvin Holloman, well-known planter, says: "At auctions the Camel buyers pay more and take the real choice lots of tobacco. That's why we tobacco planters, who know tobacco quality inside and out, make Camels our cigarette. We're sure we're smoking finer, **COSTLIER** tobaccos, and they sure make a big difference!"

John T. Bone, who cultivates some of North Carolina's choicest leaf tobacco, remarks on his last crop: "Yes sir! I saw my best lots go for Camel cigarettes, and you can bet those Camel buyers paid top prices for them. It's no wonder I smoke the cigarette made of finer, **more expensive tobaccos** — Camels! Most planters smoke Camels too."

The best of his last crop brought top prices from Camel buyers for grower George B. Dew. Speaking of the tobacco auction, Mr. Dew says: "Camel buyers sure get the best tobaccos. That speaks plenty for the fine tobaccos in Camel cigarettes. And, like most planters who know tobacco because they grow it, I smoke Camels myself."

Police Locate Missing Girl

SPRINGFIELD, May 16.—Rain-soaked and hungry, 15-year-old Delma Hiltz, missing since last Thursday from a cottage on Lake Boone, near Hudson, was found today at Salvation Army headquarters here where she had registered as "Del Reeves."

Police were tipped to her whereabouts by a construction foreman who read of her disappearance.

The pretty high school sophomore refused to tell police how she reached Springfield. She was last seen by Alfert Halpern, 19, of Worcester.

Miss Hiltz was turned over to Worcester police on a runaway warrant requested by her mother, Mrs. Helen Hiltz Daley, of Marietta.

The girl was found by Police Chief Andrew McGorty of Hudson prepared to drag Lake Boone for her body.

Town 'Blackout' Tonight-Feature Of War Games

By JOSEPH CARTER

Boston Evening American Staff Correspondent

Uncle Sam's air force entered its final phase of the defense of New England and the northeast against a "coalition of foreign powers" today.

Highlight of the mimic warfare will be an elaborate experiment in "blackout" at Farmingdale, L. I., tonight. While every light in that town of 10,000 is extinguished for half an hour, three Douglas bombers, representing the enemy, will soar overhead and theoretically bomb a 2 1/2 mile radius.

CARRIERS SHELLED

The North Bombardment Squadron at Brainerd Field, Hartford, Ct., took off on a long distance mission to pick up a full cargo of live bombs and proceed to sea to shell the remaining enemy aircraft carriers.

The "blackout" tonight will be the final maneuver in the army's air games, which, officials stated, proved definitely America could defeat an "enemy coalition" attacking the east coast if enough planes are available.

The ability or failure of the three attacking bombers theoretically to hit their target in the darkness will furnish army authorities with a good idea of the effectiveness of "blackouts."

When the games are concluded tonight, statisticians will decide whether the home planes were successful in stopping the invaders. During the three days of maneuvers, the American forces "destroyed" half the enemy air force, cutting the enemy planes down from a total of 1000 to 573.

A large crowd was thrilled yesterday at East Boston Airport with exhibitions of a huge "flying fortress" and a B-18, twin-motored Douglas. The ship, equipped with 17,000 gallon gasoline tanks, are capable of flying from Boston to Norfolk, Va., thence to Alaska and return without a stop.

the sedan and when asked for his license and registration he handed over papers.

They did not appear to be the right papers, however, particularly the driver's license, which carries a description of the owner.

Ordering the youth to remain where he was, Patrolman Murray walked a few feet to a police box and asked the station if the car was still in as stolen. He was informed that it was.

When he turned away from the box to arrest the youth, however, he was confronted by a pistol, Officer Murray said, and heard a click as the youth attempted to fire and the .38-caliber automatic jammed.

FIRES AT YOUTH

Hastily drawing his police revolver, Murray fired at the youth before the trigger could again be pressed, the police bullet emerging from young Hammond's back and striking a stone wall.

At the hospital, according to police, Hammond said he had taken the car, owned by Leo A. Wardwell of Broadway, Stoneham, and had taken the pistol from another car parked in Stoneham several weeks ago.

South Battles WPA Pay Scale

WASHINGTON, May 17 (INS).—Southern Senators under the leadership of the veteran Pat Harrison of Mississippi today mapped strategy for a fight against all WPA differentials for the South.

The course was decided upon as an indirect thrust against President Roosevelt's wage-hour bill, which would carry a national minimum wage of 25 cents an hour and maximum work week of 44 hours, increasing to 49 cents an hour and 49 hours in three years.

While a Senate appropriations subcommittee, headed by Senator Adams (D.) of Colorado, today began closed hearings on the House-passed \$3,179,435,000 spend-land bill, Dixie's Senators were organizing to battle Southern WPA wage scales which are lower than those in the North.

Their argument is that since the government fixes southern WPA wages and relief allotments at lower levels than for the North, as the ground it costs less to live in Dixie, that part of the country should be given a differential in the wage-hour bill.

Japan's Net Draws Tighter On Suchow

SHANGHAI, May 16 (AP)—Japanese army spokesmen tonight announced that Nippon's gigantic net of steel was steadily being drawn tighter around strategic Suchow, with one column driving forward less than 10 miles from that city.

This column, leading in what the Japanese called the race for the nerve center of the central China battle area, was advancing after capturing Siachien, 15 miles southwest of Suchow.

The war offered the dramatic spectacle of Japanese forces estimated at 200,000, well equipped with tanks, planes and heavy artillery, moving in from all directions on Suchow, where the vital east-west Lungan railway crosses the north-south Tientsin-Pukow line. Japanese declared they had cut the Lungan both at Tianshan, west of the junction, and Sianchen, to the east. Roughly a circle of some 40 miles radius described the contracting Japanese get inside which the Chinese strength was estimated at 40 divisions of 6000 or 7000 men each.

In Peiping Japanese officers estimated the Chinese strength between Sianchen and Lanfeng, 200 miles west of Suchow, at 80 divisions.

Budget Order O.K.'d for House To Draft Bill

An order directing the House Ways and Means Committee to prepare a new state budget was approved by the House Rules Committee and was to be introduced in the legislature this afternoon.

Simultaneously, the legislature received a message from Governor Hurley, in which he reiterated his position relative to the budget as expressed by him last week—that there is "nothing more I can legally do." "I have no authority, even if I so desired, to submit another budget" . . . "any further action must come from you."

COMMITTEE'S ORDER

The rules committee order reads: "Whereas the general appropriation bill, provision for which is made in Section 3 of Article LXIII of the Constitution, and in Rule 25 of the House of Representatives, has failed of enactment.

"Therefore be it ordered that the Committee on Ways and Means is hereby directed to report to the House a bill making appropriations for the maintenance of departments, boards, commissions, for interest, sinking fund and serial end disbursements, and for certain permanent improvements.

"That the same ought to be adopted.

(Signed) "Edward D. Sirois, "For the Committee."

CAHILL EXPECTS SPEED

Representative Sirois, a Republican, is from Lawrence.

Speaker Horace T. Cahill expressed his belief that the ways and means committee, if the order is adopted, will be able to present a new budget by tomorrow.

Prompt action by the House and Senate, it was predicted hopefully, may result in a budget bill being passed by the end of this week.

Osa Johnson Here for Talks

Mrs. Osa Johnson, widow of Martin Johnson, the explorer, arrived in Boston today, to be the guest of the Advertising Club of Boston at a luncheon tomorrow noon, and to lecture on her explorations tomorrow night at the Statler.

Today she was the guest of the Massachusetts Fishing and Game Association at Norfolk.

Twelve Boston clubs greeted Mrs. Johnson on her arrival at Back Bay station.

Mrs. Johnson wore three diamond bracelets, and on her fingers sparkled several diamond solitaires. She said she accidentally lost her jewelry in a washroom aboard her train en route here, but that it had been returned to her by an honest porter.

Miss Kathryn Kenny of Brighton, one of her admirers, presented her with a beauty kit on her arrival here.

500 at Bakers' Swampscott Fete

More than 500 delegates attended the opening conference of the New England Bakers Association today at the New Ocean House, Swampscott.

Officers elected for the coming year were Henry J. Gorman, president, Central Falls, R. I.; E. L. Egan, vice-president, New Haven, Ct.; Guy Maynard, treasurer, of Lexington, and Robert E. Sullivan, secretary, of Newton Center.

Young Folks Fear Itchy Pimples

Skin pimples are a mental and social handicap to young folks. For 30 years in millions of homes both young and old have used soothing Peterson's Ointment for relief from itchy pimples, Eczema, ugly red blotches or other irritations due to external causes. Makes the skin look better, feel better. Use all day long, every day, every hour. Application does not hurt. Peterson's Ointment soothing also for tired, irritated feet, and cracks between toes.

Buckley Hits Asylum Head in Payroll Probe

Dr. Walter E. Lang, head of Westboro State Hospital, was named today by State Auditor Thomas H. Buckley as the "high public official" Buckley charges with retaining two men on the payroll despite "inefficiency" allegations.

"The men I refer to," added Buckley, "still on the state payroll, are Head Farmer Raymond L. Whitney and Steward Pearl L. Wiley."

"They resigned last January following an investigation by my department which found them guilty of general inefficiency."

"They are being kept on the payroll by Superintendent Lang. Why he permits them to continue to work at the institution after what our investigation revealed is more than I can understand."

"I am told that Dr. Lang has been informed by Patrick J. Moynihan, state commissioner of administration and finance, not to do anything until Moynihan has looked into the matter."

Startled by Buckley's charges, made originally yesterday at a Hotel Bradford communion breakfast, state officials today began a probe of state institution payrolls to learn if "unfit persons" are being retained.

"APPARENT DISHONESTY"

The charges were made at the annual communion breakfast of the Order of Seville, an organization of the Knights of Columbus, where Buckley was principal speaker.

He is "amazed," he said, "at the apparent acceptance of men in high public places of inefficiency, incompetency and even apparent dishonesty."

Buckley released today a report on Westboro State Hospital, prepared by Wallace F. Garrett, farm co-ordinator of the Mental Diseases Department, in which Garrett declared that charges by the state auditor were correct.

"Records of the institution show," the report states, "excessive amounts that have not been accounted for. Bacon and salt pork, from home - slaughtered pork, is far less than should normally be expected. Excessive amounts in beef and lamb are unaccounted for."

TRUSTEES' MEETING TOLD

Garrett allegedly also found missing records of disposition, as "spoilage," of 845 gallon cans of tomatoes and 120 gallon cans of string beans.

Buckley said today that he has learned the trustees of the hospital held a meeting last Thursday and asked Dr. Lang how long the two men were to remain on the payroll.

Dr. Lang replied, according to the auditor, that Moynihan had advised holding off until he himself investigated.

He has been informed, Buckley said, that Moynihan denies this.

Parkway Club Dances Tonight

The Parkway 44 Club of Roslindale and West Roxbury will hold its annual dance tonight at the Hotel Brunswick.

Fire Commissioner William A. Reilly and official city greeter, Louis J. Breen, will act as judges of a beauty contest. Mayor Tobin will present the winner with a silver loving cup.

Navy Battle: 110 Dishes Zip Past; Divorce!

SALEM, May 16. The hard life of a naval reserve officer, but he got sympathy today from Judge Harry Dook granting him a divorce from Mrs. Agnes Dook. Mrs. Dook, 40, had lived with her husband for 14 years and claimed him cruel and oppressive with her own evidence. Dook testified it was no fun because he must work 12 hours a day and his wife was a drunk. The 140-page divorce suit was filed in the Superior Court today. Mrs. Dook claimed her husband was a drunk and had attacked her several times. The divorce was granted by Judge Dook. Mrs. Dook was granted custody of the children. The divorce was granted by Judge Dook.

Pickets Prevent Case Plant Opening

ROCKFORD, Ill., May 16. A meeting of 100 pickets prevented the opening of the J. I. Case plant today. The pickets were from the United Brotherhood of Carpenters and Joiners of America. They were protesting against the plant's opening. The pickets were from the United Brotherhood of Carpenters and Joiners of America. They were protesting against the plant's opening.

Chesterfield delivers

MORE PLEASURE every day...

...waiting right around the corner...in nearly a million stores where cigarettes are sold you'll find that friendly white Chesterfield package.

Chesterfields are made of the best ingredients a cigarette can have...mild ripe home-grown tobaccos, aromatic Turkish and pure cigarette paper.

Chesterfield's milder better taste will give you more pleasure than any cigarette you ever smoked.

'Pins, Needles' Continues At Shubert

"Papa and Sister, the Father
Sings in order to the superior of
that a worker's show must be
human and continues mostly at
the Father's Theater by the in-
crease of the audience."

It is one of these members of the "Smother" has been selected for the New York posting last November. The trip is on all-Weather and is one of the summer's best money-makers. It just is entirely composed of International Ladies Union of Women's prayers. All of us as they sing in their quivering choir, from the snip dress-makers to workmen's clothes and their workers, and gradually more and more makers, embroiderers, stamper, the kites, exotics, and grinders, printers, trimmers to buy pinks.

speaking workers and boss alike, "Pine and Needles" is never greater than when it is saying something serious. It has a lift and sparkle silly waiting in turn, a lavishly produced musical that has come this way the past season.

Al, then, who looks more like Il Duce than Il Duce does in the very amusing "Mussolini: Maternity Handicap" skit has been given a Hollywood contract. He had expected to go back to clockmaking until "Pins and Needles" discovered his dramatic talents.

Ruth Rubinstein, who "used to be in the dairy chain and now she's a chain store dairy" says she's content to go back to brasserie making. She can turn out 25 dozen a day but she also has some nibbles from the producers.

These are just two of the large and competent cast of "Pins and Needles," all remarkable for their contagious enthusiasm and zest on the stage who are continuing to pay their I. L. G. W. U. as well as Equity dues because, as they chorus:

As you see, we're not frag-
 dant or comedians
 Or shinny girls or kick-in-the-
 pants
 Or trouper or even super,
 It's a plain simple, common,
 ordinary
 Every day men and women who
 work hard for a living—
 We're from the shops."

Coming to the Shubert

HOLIDAY PREMIERE. Lillian Gish shares starring honors with Burgess Meredith in "The Star Wagon," which opens a two-week engagement at the Shubert on Monday, May 30.

Maxine Stars At Old Howard

Burlesque's "Gorgeous Venus," Maxine De Shone, is due for a great big haul this week at the Old Howard and where she has always been a prime favorite. She holds the current stage show "Droptics of 1934" described as fleet and funny burlesque.

Three popular burlesque comics are featured in the cast of 60, which includes a lively chorus of 30 lovelies. These comedians are Jack Diamond, Sam Raynor and Eddie Lloyd.

The Old Howard's three daily burlesque shows start at 12 noon, 2:30 and 8:30 p. m.

'Star Wagon' Headed Here

Appearing in the play, they created a new and improved version of the entire original New York company and played Broadway for six months prior to their recent tour of Chicago, Washington and Philadelphia.

The engagement of "The Star Wagon" at the Shubert will terminate this play's nine-week successful tour and will be for two weeks only.

'Goldwyn Follies' At New Gayety

Samuel Gollay, a
nuclear physicist at Caltech,
with a co-author
Peter Bergen and
Carly

'Rose Marie' Tops Tremont's Program

The Delgado main stage was
filled with Miss Miriam, Miss
Lorraine, Miss Margaret and Miss
Patricia, and Miss Helen, who
were the features of the Theatre
company. They will be
seen through Wednesday.

Almost Suicide

— Month's most unusual picture — Mrs. Alva Hansen, 33, seated before gas stove in San Francisco apartment just as ambulance crew rushed in and snatched her from death. Doctor, passing through hall, smelled gas and called police.

Thanks

Merritt telling Press. Photo to be held at Hotel 20 E. 1st St.

First Aid. — Second act in above drama shows ambulance steward bandaging razor wounds of woman who tried to make suicide doubly sure with gas. She feared disease was incurable

The Fishing Season

The Editor Says: In the past five years the Federal Government has spent approximately EIGHTEEN BILLION DOLLARS "priming the pump." It "worked" politically. But, as a relief measure, it certainly DID NOT WORK.

Today, as every interested observer knows, unemployment is rising toward a new "high." And despite all the talk, all the promises and all the spending, thirteen million of our people who want jobs do not have them.

Why, therefore, can't the Government in Washington, committed to earth and mingle common sense with the four and one-half billions now appropriated for another "priming" of the "pump"? The politicians have had THEIR day. Surely the people are entitled to some consideration.

If the new recovery measures are to prove more than a passing shot in the arm, the politicians should forthwith STOP MAKING WAR ON USEFUL INDUSTRY.

They should forthwith initiate a program for reducing the total burden on taxpayers.

They should recall the blank check given to the Executive to expose our workers to competition from cheap foreign labor through Secretary H. C. Brown Trade treaties.

They should construe, revise the demagogic Wagner Act and take steps to arrest the wholesale drift of railroads toward insolvency.

And, above all, they should quit international star gazing and foster our own internal well-being.

It was true in Lincoln's time, and it is still true. What we need and what we must have is government BY the people and FOR the people. There has been too much government BY politicians FOR politicians.

SENATOR LODGE, speaking at Saturday's launching of two 1500-ton destroyers at Charlestown Navy Yard, voiced the thoughts of millions of Americans. He said:

"I am determined, and I know you are, too, that never again will American life be lost or American blood be shed in foreign conflict. These ships are here to promote such a policy. In our strength is our peace."

Truer words were never spoken. The United States desires war with no nation. But in a world bristling with bayonets and seething with jealousies and hatreds, mere desiring is not enough.

Far better and infinitely wiser is security so powerful that only an enemy bent on committing national suicide would dare challenge it.

Dwarfs do not attack giants. Neither do strong nations war on stronger nations.

ANKLE SOX WIN in Needham, where mothers of 1933 graduating the senior high school voted overwhelmingly in favor of abbreviated hosiers for their daughters. But, as we saw, the real winners are the school authorities who gave the mothers the opportunity to vote in a "plebiscite."

By the mummy process of referring the controversy to parents they avoided what has in many cities become a major battle.

Needham's excellent example ought to be imitated. Let us have more co-operation and understanding between parents and teachers in all cities.

Bill Joker
Peril to
Ship Industry

By GEORGE ROTHWELL BROWN

WASHINGTON, May 15.—That newest spawn of Washington bureaucracy, the proposed Maritime Labor Board, is the result of the insatiable appetite for meddling of Mme. Perkins.

"It was largely through the subtle maneuverings of the radical boss of the Labor Department, that the Senate Committee on Education and Labor was able to insinuate itself into the deliberations of the Commerce Committee.

This unusual procedure, joint action came about partly because Senator Copeland is chairman of the latter and a member of the former.

But Senator Thomas of Utah, chairman of the Labor Committee, is the real author of the provision in the Maritime Bill which knocked into a cocked hat the well-considered recommendation of Former Maritime Chairman Joe Kennedy, for a real mediation board, with teeth, to handle labor disputes affecting the American Merchant Marine.

What the Senate finally got, while Senator Copeland, usually very alert, was temporarily off his guard, was a mischievous board of three \$10,000-a-year bureaucrats, with another expensive and undesirable setup, without real powers of genuine arbitration whatever, but with infinite capacity for meddling between employers and employees, in the whole shipping industry.

THIS new board falls far short of what Mme. Perkins really wanted.

She would have preferred to have the whole Maritime Labor problem over to the so-called construction bureau of her department.

But she got plenty in what she did get.

It was the general opinion at the Capitol that the proposed new board, being without teeth, would be innocuous.

It may be stated here that Senator Thomas is under no such misapprehension. He believes the proposed new board would have plenty of well-sharpened molars. And he sure is right!

Some extraordinary powers are conferred upon it. It could delegate its functions to "an individual member." It is given a sweeping power of subpoena, and the power to punish for contempt. It is given the right to compel the production of records.

In short, this new board could become another Minton committee, with an unrestrained license to harass business.

Experience with the NLRB proves the extent to which bureaucrats, once entrenched, can stretch the functions of their office far beyond what our solvent statesmen ever dreamed of.

THE House committee carefully heard Mr. Kennedy's recommendation of a real mediation board.

It decided to give the matter further study, and a resolution is now pending for an investigation this summer which would take the committee to the Pacific Coast. The proposed Kennedy board was omitted, pending this further study.

It may be said that the mischief latent in the Maritime Labor Board, as contained in the Senate Act, is fully appreciated at the House.

The provision will meet with stubborn resistance in conference. It should be stricken out of the final act.

It is not desired by the Maritime Commission. That commission already, by law, has ample power to perform EVERY LEGITIMATE FUNCTION of the Labor Board.

There is very grave danger that if the Maritime Labor Board were established, it would pass under the control of the very busy busy Labor Department. And everybody knows how she would use it.

What of Today, Tomorrow?
Northeastern Solves
Student Job Problem

Scores are comparatively bright for Northeastern University's graduates of 1933, insofar as the chances for locating jobs are concerned.

Here is a university which, completing only its fifth year, has more than 3,000 students in the various divisions.

YET NORTHEASTERN PLACED EVERY GRADUATE WHO WANTED A JOB LAST YEAR.

By PAUL WHITTON

Boston Evening American Staff Writer

Just now, Northeastern University authorities are busy making plans for moving into the new \$1,000,000 building opposite Boston Opera House in Huntington Avenue.

However, the authorities are by no means neglecting the future of Northeastern's 1933 graduates.

Strangely enough, according to Professor Winthrop E. Nightingale, head of the department of cooperative work at the university, the Northeastern job-getting situation is not at all tense, even in these times of economic stress.

THE NORTHEASTERN SYSTEM PRACTICALLY PROMISES JOBS TO AT LEAST 50 PER CENT OF THE GRADUATING CLASS.

"The answer," said Professor Nightingale, "is that Northeastern is the ONLY COLLEGE in New England functioning under the cooperative work plan—the plan in which a student alternates between the theoretical work in the classroom and practical work in industry."

"The answer," said Professor Nightingale, "is that Northeastern is the ONLY COLLEGE in New England functioning under the cooperative work plan—the plan in which a student alternates between the theoretical work in the classroom and practical work in industry."

Dr. Frank Palmer Spence, president and founder of the university, stated that it is now cooperating with some 325 business concerns in New England and that the student begins the 10-week-work plan in the second year of the five-year course.

"AT PRESENT," he said, "APPROXIMATELY 85 PER CENT OF OUR STUDENTS WHO ARE ON THE CO-OPERATIVE PLAN HAVE BEEN PLACED IN SUITABLE POSITIONS."

"AND IF PAST HISTORY MEANS ANYTHING, ABOUT 50 PER CENT OF OUR GRADUATING CLASS WILL BE RETAINED IN FULL-TIME JOBS BY THOSE FIRMS WHICH HAVE DEVELOPED THEM AS UNDERGRADUATES."

This takes care of 50 per cent of the 1933 graduating class, but how about the other 50 per cent? Professor Nightingale replies to that query:

"Last year every graduate could have had a job. In fact every man who wanted a job was placed, and the better men, the best students, had from two to five positions from which to choose."

"It really is a question of choosing, too, for we put the burden of job-getting ON THE INDIVIDUAL."

"Our department superintends the business of job-getting for several reasons."

"We do not want to be too paternalistic."

"We teach the boys how to go about getting jobs. They then seek openings in their particular fields, instead of accepting something not quite so good that we might offer."

"IN THIS WAY WE HAVE A MINIMUM OF MISFITS UNDER THIS SYSTEM. TOO, GRADUATES WILL KNOW HOW TO GO ABOUT SEEKING EMPLOYMENT IN LATER LIFE."

Illustrative of the way North-

eastern graduates have fared in the jobs they obtained upon graduation, Dr. Carl S. Hill, vice-president in the Day Division and a potent factor in the university's development, said:

"I would not be at all homesick almost anywhere in this country, for our graduates now are employed in practically every large engineering, construction, transportation or coast to coast."

"Indeed, they now are engaged in many foreign lands and several of these travelers in Europe and South America still are working with the firms for which they labored cooperatively."

"OUR ENGINEERS HAVE ADVANCED RAPIDLY. ONE BOY WORKED WITH A LARGE PUMP COMPANY WHEN HE WAS IN COLLEGE, TOOK A REGULAR JOB UPON GRADUATION AND NOW IS HEAD OF THE CALIFORNIA DIVISION."

"Several other Northeastern boys are heads of other branches of this concern, which has a network all over the country."

"Another of our boys went to work in Louisiana, progressed rapidly and now is superintendent of the plant at Bayonne, N. J."

"There are hundreds of other examples, and we expect that our graduating class next month will do just as well."

THEFORE, IN GENERAL, NORTHEASTERN ANTICIPATES NO GRAVE CHANGES THAT WILL AFFECT ITS GRADUATES OF NEXT MONTH. THE DEMAND FOR GOOD MEN IS JUST AS HEAVY AS EVER, ACCORDING TO PROFESSOR NIGHTINGALE.

But there is one discordant note, he said. Large business concerns are just as interested in graduates—the contacts are just as good—but not many early commitments have been made.

"They are waiting until they can see a little more business activity," explained the professor.

Under ordinary circumstances, then, Northeastern expects to see 85 per cent of its graduates safely settled next month.

After that, the university authorities will double their moving preparations so that Northeastern will be better equipped than ever to train the 500 newcomers entering the freshman class and the new building in September.

"WE HAVE SOUGHT," said Dr. Spence, "TO MAKE NORTHEASTERN A COLLEGE OF OPPORTUNITY, A COLLEGE TO WHICH THE STUDENT OF MODEST MEANS MAY TURN FOR BOTH A LIBERAL EDUCATION AND TECHNICAL TRAINING THAT WILL ENABLE HIM TO EARN A LIVELIHOOD WITH OUR HELP AT THE START."

(Tomorrow, the Boston Evening American will present another in the series of interviews with New England college officials.)

Professor Nightingale

BETTY ALDEN

On Beacon Hill

New Debs Out Early Today
To Greet Big Game Hunter

By BETTY ALDEN

A HALF HOUR earlier than usual a dozen debutantes and their escorts knock on the boudoir doors of a dozen little debutantes this morning. . . . Though these debs have been enjoying a new-found dignity since the deb ball was officially announced two weeks ago, they must still attend the last few weeks of school. . . . and this morning's early rising dozen worked in a huge social extension on their way to Winsor Beaver May and the other fashionable sets of learning. . . .

Serving as ushers and members of junior committees is always the debutantes' specialty. . . . Alice Chapin and her junior reception committee, who climbed out of bed in time to greet big game hunter Osa Johnson, when she arrived at Back Bay this morning, got an early start in their experience at the sort of committee work which will be expected of them all year. . . .

They had time to hear just a brief word picture of Osa's new movie "Dimples Calang," which will be shown tomorrow night in the State Ballroom for the benefit of the Museum of Natural History. . . . before collecting their school books and hurrying off to remind their classmates that a treat is in store for nature lovers, camera and basket-seated world travelers and in fact everyone who feasts their eyes on Osa's new picture this morning. . . .

A socially young set of girls included Polly Bixler, the twelve-year-old star of so many ice cream socials, Anne Graham, Peggy Luns, Edith May, Gail Nelson, Virginia Shogley, Nancy McNeil and several others. . . . Mrs. Charles D. Gorton, Mrs. Harvey Bundy, Mrs. Edmund K. Jones, Mrs. A. J. Kline and the Donald Starks are among the names of the girls who have reservations for the new evening affair in the State Ballroom. . . .

Elizabeth Eliot Mixter to Wed

INFORMALITY AND SIMPLICITY have always been the keynote of parties given for Elizabeth Eliot Mixter, daughter of Dr. and Mrs. William Jason Mixter of Brookline. . . . she made her debut at a series of given informal teas, dinners and theater parties back in 1932 and yesterday an equally unpretentious Sunday afternoon reception served to announce her engagement to Dr. H. Thomas Ballantine. . . .

The bride-to-be has many relations and a few close friends were on hand to administer every ring and shower best wishes upon her and her fiance. . . . Elizabeth was educated at Miss Hall's and spent a year finishing at a private school in Florence, Italy, before picking her debut and joining the Junior League and Vincent Club. . . .

Announcement
At Tea

DOCTOR'S BRIDE TO BE—Elizabeth Eliot Mixter, daughter of Dr. and Mrs. William Jason Mixter of Brookline, whose engagement to Dr. H. Thomas Ballantine was announced at a Sunday afternoon reception. The future bride is a member of both the Junior League and the Vincent Club.

W. G. Wendell
Weds Again

Mrs. Barrett Wendell of Marlborough street, is spending a few days in Auburn, N. Y., visiting her daughter, Mrs. Charles Devereaux Osborne. Saturday night at 10:30 the wedding of Mrs. Wendell's son, William Greenwood Wendell, to Mrs. Evelyn Fahnstock Steele, which took place at the Ritz-Carlton hotel in New York.

The ceremony was witnessed by only a few friends and relatives. The bride, who was unattended, wore a gown of lavender chiffon with a picture by to match, and was given in marriage by her mother, Mrs. Ernest Fahnstock of Shadowbrook Farm, Shrewsbury, N. J. Mr. Clement L. Despard was best man.

Mr. Wendell was graduated from Harvard in 1909 and has been in the banking business. For 13 years he was secretary of the Harvard Club and is treasurer of the Boys' Club of New York. He is also a director of the Harvard Alumni Association. His first wife, the former Ruth Appleton, obtained a divorce last March. Their son, Francis Appleton Wendell, graduated from Harvard last June.

Sorority to Hold
Dance in Wayland

Betty Lewis is chairman of the committee arranging a dinner dance for members of Kappa Sigma Phi Sorority of Brookline, which will take place at Ten A. in Wayland next Thursday evening. Assisting her are Martha Bell, Ethel Davidson and Suzanne Lee.

Proparvulis
Club Formal
Next Week

Despite their filmy pastel evening gowns, the Proparvulis club girls are going in for some scavenger hunting at the spring formal Wednesday evening, May 23, at the Longwood Grand Hotel in Brookline.

Gertrude Dwyer heads the list of all arrangements. A group of color attractive novelties is being prepared by Margaret Ring, Gertrude Guthrie, Claire Keeler, Marion Long, Kathleen Malley, Rosemary McEaney, and Mary McDonald.

Other novel ideas about making the event one of the most successful are being contributed by Rita Hein, Marie Sullivan, Eleanor Stankard, Mary Dunn, Dorothy Martin, Mary Mullins, Eleanor Steerin, Teresa Kean, Kathleen Hennesberry and Frances Redd.

Helene Lafferty is taking an active interest in the event with other club girls, Edna Adams, Catherine Barry, Marguerite Lorton represented in the group of enthusiastic club members.

Miss MacFadden
Joins Brides

Many Brooklineans are interested in the wedding of Miss MacFadden, daughter of the late Rev. and Mrs. Robert A. MacFadden of Cambridge, to Robert F. Jones, Jr., of New York. No formal announcement of the couple's engagement had been made.

The wedding took place in Trinity chapel, New York City, followed by a reception at the home of Mr. and Mrs. Robert Parker MacFadden, brother and sister-in-law of the bride. Mrs. MacFadden was matron of honor, Edward Livingston Center the best man, and the bride's brother gave her in marriage. She wore an ankle-length gown of a new shade of blue called "eyes of blue," with a full skirt and short sleeves, and a hat of matching fabric.

Since her graduation from Brookline, the bride has travelled extensively. Her father was a Congregational minister in New England and her mother was distinguished as the first woman candidate for the Massachusetts governorship, having run on an independent ticket in 1928. The bride is a direct descendant of Benjamin Franklin.

Following a wedding trip, the couple will be at home in New York City.

Engagement
Announced

Charles Duane Rice, Jr., son of Mr. and Mrs. Charles D. Rice of Belmont, found romance in New York in the person of Miss Winifred Tomb, to whom he will be married on May 28.

The bride-to-be is the daughter of Captain James H. Tomb, head of the New York State Merchant Marine Academy in Fort Schuyler, and Mrs. Tomb. She attended Edgewood Park Junior College and Emerson College in Boston.

Rosary Grads
To Entertain
Delegates

Rosary Academy will be host to delegates from all sections of the country who attend the annual conference of the Massachusetts Chapter of International Catholic Alumnae next Sunday.

A heap of interesting plans to welcome the delegates are being made by Catherine Howard Rosary Alumnae president, Eleanor Campbell, governor of the Massachusetts group, and Mrs. Malcolm McBride.

Mrs. William Connell, Jr., of Pittsburgh is coming on to attend the conference to which many important people have been invited. Among them are Mrs. George Bradford of New York, national vice-president, Mrs. George Murray of Providence, R. I., and Dr. Marie Murray of New York, editor of the Quarterly bulletin.

Mrs. Charles E. Hurley and Mrs. Maurice J. Tobin will head the group of local folk attending the season.

Guest speaker for the event will be Matthew H. Cophourne, head of the English department of the Massachusetts Institute of Technology.

Dorchester
High Frolic

A gay May frolic for graduates of Dorchester High School for girls is scheduled for tomorrow evening. Alumnae will receive guests from the city and state. Alice M. Twigg, and the glee club will entertain with selections directed by Daniel Tierney.

Alice Hurley, ticket chairman, will be assisted by Rita O'Donnell in charge of refreshments, June O'Donnell, director of the social committee, and Helen Howie de Korte, chairman of decorations.

Others serving on the committee are Alice Hurley, president, Phyllis Madden, Dorothy Melrose and Rita Kelley. Patrons in days Alice M. Twigg, Leon Glover and Aileen Farmer family always to the association.

Caroline Day
Engaged

Day of interest in educational circles in New England as well as in New York, is the announcement by Dr. Edmund Ezra Day, president of Cornell University, and Mrs. Day, of the engagement of their daughter, Caroline Louise Day, to Frederick Cleveland Copeland, a graduate student at Harvard.

The bridegroom-to-be is the son of Professor and Mrs. Manton Copeland of Bowdoin College, who have a summer estate at Woods Hole, Mass. He graduated from Williams in 1935 and won an international exchange scholarship to Germany and studied in Munich in 1935-36. He holds an assistantship at Harvard and is a candidate for a Ph. D. in biology. Miss Day, now a senior at Smith, studied abroad in Lucerne, Switzerland.

Shower Menus Easy to Prepare

FROM MARTHA LEE'S MONDAY
BROADCAST OVER STATION
WMEN—11:34 A. M.

Showers are in the air and some of them are raining only gifts and happiness for the prospective brides. Many a future bride or favored wedding attendant is busy this month planning special shower parties for the bride-to-be.

With all the magnitude of these which demand consideration and time at this busy season, it is a relief to find that delicious party refreshments can be quickly prepared in advance.

These delicious party foods are easy to prepare and can be served in a variety of ways. A simple heart-shaped cake, filled with fruit, and topped with cream, is a delicious party food. Here is a suggested menu for a party which may be served in a variety of ways.

BRIDAL SHOWER PARTY

- Cheese Ring Mold Salad
(Filled with Fresh Fruit)
- Cheese Toast Strips
- Tiny hot biscuits
- Honey Marmalade
- Orange Fluff
- Queen of Hearts Cakes

These are the suggested menu for a party which may be served in a variety of ways.

QUEEN OF HEARTS CAKES

- 1 cup shortening
- 2 cups sugar
- 2 cups flour
- 1 teaspoon baking powder
- 1/2 teaspoon salt
- 1 egg milk
- 1 teaspoon vanilla extract
- 6 egg whites

Beat shortening and sugar together until fluffy and light. Add flour and measure, mix and sift with baking powder and salt. Add dry ingredients to creamed mixture alternately with the milk. Add vanilla.

Fold in well beaten egg whites. Pour into greased, paper-lined shallow baking pan. Bake 35 minutes in slow oven (325 deg. F.). Remove from pan and cut with heart-shaped cutters. Make Seven Minute Frosting and divide into thirds. Add different colored vegetable coloring to each and frost cakes. Decorate with silver candies and colored sugar. Makes 1 sheet of cake 11 inches by 15 inches by 1 1/2 inch.

ORANGE PUDDING

- 1 egg
- 1/2 cup milk
- 1/2 cup sugar
- 1/2 cup orange juice
- 1/2 cup orange peel
- 1/2 cup orange slices
- 1/2 cup orange slices
- 1/2 cup orange slices

Beat eggs. Beat yolks with two tablespoons sugar. Add grated rind and the fruit juice. Add hot water, beating continually. Cook mixture in top of double boiler until it coats spoon, stirring constantly. Pour on egg whites which have been beaten stiff with remaining tablespoon of sugar. Pour into glasses. Chill and serve.

SEVEN MINUTE FROSTING

- 1/2 cup granulated sugar
- 1/2 cup cold water
- 1 egg white, unbeaten
- 1 teaspoon corn syrup
- 1 teaspoon vanilla extract
- Variable coloring

Combine all ingredients except frosting and beat in top of double boiler. Mix thoroughly. Pour over boiling water and beat to thick, meringue-like consistency. Shape meringue into balls. Add hot water and coloring. Beat until cool.

NERVES

FREE

Millions of people are suffering from "nerves" and don't know what to do about it. Science has recently proven that many conditions of nervousness such as neuritis, neuritis, insomnia, fatigue, loss of appetite, constant worry, constipation and many muscular aches and pains are due to lack of certain vital food substances, which when taken by the sufferer, give almost instant relief. Neural Aid, an inexpensive, 200% pure preparation, contains these all important food elements. Sufferers who clip this ad and bring it in can obtain a FREE SAMPLE of Neural Aid and full information.

White Frosting on Black

BLACK AND WHITE has no fashion peer . . . it can be anything to any girl . . . and when it comes to sheer drama it rules alone! Baroque frosting of white on this novelty sheer black frock makes it slenderly curved as a candle flame . . . turns your figure into something to which a villainess should be dedicated . . . Short sleeves are edged with the same thick embroidered applique that lights up the long line from chin to hem. This will probably win fashion-buy laurels of the week because both the crownless coronet hat of matching black sheer and the frock itself are to be had complete for around ten dollars! For shopping information, phone Annice Brink, Fashion Editor, Liberty 4000, week-days until five, or write her at the Boston American.

Early Care of Sinus Advised

NOWADAYS WHEN I meet a friend who is suffering from a cold, almost invariably he tells me he has a "touch of sinus." This is the common term for inflammation of one or more of the nasal sinuses or "sinusitis" as the doctors call it. It seems almost rash to advise to have it.

The nasal sinuses are the hollow spaces or cavities located in the bony structure of the head and face. These are lined with mucous membrane which is moist and warm, often called the "mucous" for the growth of germs.

When the germs colonize one of these spaces it is not long before there is pus formation and then the real trouble begins. Then we have infection and it is a bad place for it. The complicated anatomical arrangement of this region is such that it cannot be cleaned easily. For this reason the condition hangs on and may become chronic.

WHAT CAUSES IT? Repeated head colds, coryza, inflammation of the upper air passages and certain constitutional diseases are likely to lead to sinusitis. Some attacks are mild but

IT'S A YOU PAY SO LITTLE FOR BAKERIZED USED CARS FROM BROOKLINE

TODAY'S BAKER'S DOZEN

selected from 185
equal values in
Boston's Used Car
Market.

NOW!

OPEN EVENINGS

Brookline is the wealthiest community in Massachusetts. Family after family live in beautiful homes, employ chauffeurs and other servants. Keep two cars in the garage... and keep them well, changing the oil regularly, making necessary repairs as soon

as necessary, and trading frequently toward new cars. Naturally... Brookline used cars are Boston's best. Equally natural, T. C. Baker's Brookline used cars, because they're "Bakerized", are Brookline's best. It's a miracle you pay so little to buy and enjoy one. Just check the typical prices below.

- (A) 1937 DODGE Coach, with radio, heater, and white sidewall tires. Completely Bakerized and an outstanding value at **\$625**
- (B) 1937 CHEVROLET 2-door Sedan, Master De Luxe model, with trunk and heater. **\$615**
- Bakerized to assure your satisfaction.
- (C) 1937 CHEVROLET Master Coach, A typical Baker-Brookline used car with low **\$575**
- mileage and in excellent condition.

- (D) 1937 LINCOLN ZEPHYR 4-door sedan, with heater and white sidewall tires. This car **\$845**
- is close, but it's priced for the masses at
- (E) 1937 FORD TRUCK, half-ton pick-up type for light delivery service. A dependable, **\$450**
- sturdy, versatile truck at only
- (F) 1936 FORD De Luxe Coupe with heater. This handsome car scarcely needed **\$485**
- "Bakerizing". Driven only 7400 miles

- (G) 1936 FORD Fordor Touring Sedan with trunk, De Luxe model, and truly de luxe **\$415**
- in the value it presents at
- (H) 1936 FORD Coupe that will gladden the heart of the lucky salesman who buys **\$325**
- it. Bakerized completely
- (I) 1936 FORD Convertible Sedan in the later Super De Luxe model with trunk. Handsome **\$495**
- blue finish up to Bakerized "Standards"

- (J) 1936 FORD Cabriolet - is heater (obviously carefully used and a car you **\$485**
- will be proud to own and drive
- (K) 1937 FORD De Luxe Fordor Sedan with trunk heater and white sidewall tires. A truly **\$525**
- rare Brookline value at
- (L) 1936 FORD Station Wagon, a much wanted and hard-to-get type of car. This one **\$325**
- is a beauty for only

NO MONEY DOWN - 1/3 DOWN - \$10 DOWN

Here's What BAKERIZED means to you

BAKERIZED means that every T. C. Baker car receives this 185-POINT INSPECTION, important recommendations, repairs, etc. 1. Body and chassis checked. 2. Fuel pump and lines checked. 3. Motor carefully inspected, adjusted, and parts replaced if necessary. 4. Transmission checked and parts replaced if required. 5. Clutch tested and adjusted if necessary. 6. T. C. BAKER

OF BROOKLINE USED CAR MARKET

RIGHT AT BROOKLINE VILLAGE

On the night of the 24th, the eighth, we had a few more of the same kind of "low-key" parties, the customers quaking and dreading the arrival of the police. But Joe Cronin, whom we have been observing since he left the state, and worked around to this way of life, and who of all people should knock him in but Gene Desautels, the air-spunking cop. So the contest ended 4 to 3 with Cronin the victor. The proprietor, hugging himself with happiness in the police's favor, then said to me, "I'm glad to see Edward go down. He's a scoundrel. Cronin and I will www.squidgame.com take him down."

\$15,000 FOR SKATERS

GENE DESAUTELS

JOE CRONIN

And on the credit side to be delivered to the deserving, it must be said that Manager Joe's hitting has featured the past two important decisions. It was his Saturday home which tied it up and his Sunday tie-up which did like-

Pirates Swashbuckle Into Bee Town

Pennant-hungry Buccaneers descend upon Boston for three games, starting at National League Park tomorrow

"Hello, fans!" smiles Cy Blanton as the Freebooters' train rolls toward Boston. But don't let that gay wave deceive you. For Cy's axillary flippers burn over a steaming delivery from the Pirate mound. The big right-hander sees plenty of action over a mound of Wheaties, too. "Wheaties—that's the dish for me 365 days a year!" he enthuses. And as for flavor—"Wheaties sure taste like a million," Cy declares. "Try a bowlful yourself before starting out to the ball park tomorrow!"

There's keen anticipation in the expression of Tony Cuccinello as the Pirates' long-stroke infielder views a bowlful of Wheaties. Tony's meant to smile. This morning's bowlful completes a perfect double play for nourishment and flavor.

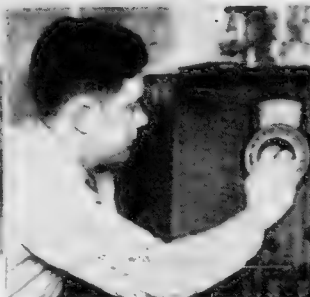

Will Red Lucas take the "stingers" from Bee bats? The Pittsburgh moundman decides that a bit of nourishment before leaving the dressing room—via Wheaties direct from the package—is a pretty good idea.

Arky Vaughan keeps the taste treat of crisp, creamy Wheaties right from the package. And fans throughout the great like this dynamic Pirate star because he's always a treat to watch, ahead or at bat.

Every ounce of Jim Turner's 185 pounds, and every inch of his 6 foot frame is poured into this pitch. Jim is thorough. And he does a thorough job of eating Wheaties—with lots of milk or cream, and fruit juice—tops all breakfast batting averages for this Boston pitcher. That's a nourishing, balanced "Breakfast of Champions" for thousands of fans throughout New England, too. Ask your grocer for that big orange and blue package today!

Ray Mueller relaxes, listens to a bit of music on the eve of the ding-dong Pirate-Bee series. The Boston catcher relaxes at breakfast time, too, on the receiving end of a big bowlful of tasty Wheaties.

Line up with big leagues. Wheaties—with milk or cream, and fruit—is the breakfast of champions. Wheaties and advertising claims are trademarks of the Cereals on Levels of the American Medical Association.

"Breakfast of Champions"

WHEATIES WITH MILK OR CREAM AND FRUIT REG. U.S. PAT. OFF.

Copyright, 1938, General Mills, Inc. Wheaties and "Breakfast of Champions" are registered trade marks of General Mills, Inc.

The fact Galeotti came up to ring fame off a beer and ale training table gives him color during a period when most heavyweights like to discuss literature and the fourth dimension. Always a ring clown Galeotti will have the last laugh when he collects some of the huge purses his punching power, color and unorthodox boxing style are certain to gain for him.

Notoriety Top Suffolk Horse

By DAVE WILSON

"Selections For Fast Track"
BEST BET—NOTORIETY, 2ND RACE

Notoriety, a speedy plater from the Paragon Stable, is singled out as the safest hazard on another well-matched bill at Suffolk Downs tomorrow.

Third to Retlaw and Ace of Trumps in his final at Jamaica the Victorian, gelding need only to duplicate that sterling performance to head less capable rivals in the second race, a six furlong dash.

FIRST RACE

Owaller, Flopale, Nellie Mc Although idle for more than a year, OWALLER needs only to turn back to brisk track to drop this cheap field. Three-rights in 35-25 went as a final convincer. FLOPALE has been away since last fall, but clockers report her fit and ready. NELLIE MC isn't much, but she has had the benefit of recent tighteners in active competition.

SECOND RACE

Notoriety, Running Free, Strathdale NOTORIETY will have RUNNING FREE to head. The latter just missed drubbing Brogan the other day, and further improvement may be anticipated. STRATHDALE is liked by the clockers.

THIRD RACE

Squawker, Minny Myerson, Fredrick SQUAWKER performed like a dead start mare the other day when she finished third to MINNY MYERSON. With expected improvement, she should turn tables on her arch rival. FREDRICK is stepping up several rungs on the class ladder, but he gets a whole skyful of starts from the speed-chart experts.

FOURTH RACE

Lady Tichener, Exhibitor, Lady Tichener, fourth to Super John in most recent race, is a natural preference over less

capable rivals in the fourth. ELYLEE is the early speed of the party, and he may be troublesome if able to sleep the journey at top speed. EXHIBITOR is an outside possibility.

FIFTH RACE

Gala Star, Pelagosa End, Odd Blue GALA STAR, although idle since last year, is being four-starred by split-second experts. PELEGIOSA END, an importation from South America, displayed keen promise in his last. ODD BLUE has a royal chance if you ignore his dull effort of the other day.

SIXTH RACE

Upsala, Brilliant Play, Wise Counsel UPSALA, second to Blind Eagle in last race, shapes up slightly better than BRILLIANT PLAY. The latter dropped a hard fought decision to Alter Ego the other day. WISE COUNSEL drubbed less capable rivals in his last race.

SEVENTH RACE

Midshipman, Toni, Breasing Along MIDSHIPMAN is meeting little more than he drubbed in his last race. BREASING ALONG is in nicely under a feather of 103 pounds, and may prove the most troublesome. BREEZING ALONG is a possibility on class lines.

Miss Apprehend, Akehurst, Maepop MISS APPREHEND was barely necked out by Alarming in her final race at Jamaica. AKEHURST, freshened since Florida, has the stamp of approval from the clockers. MAEPOP ran well to defeat Findon in his last.

FOR TUESDAY, MAY 17

FIRST RACE—Four-year-olds and up, claiming, purse \$1000, six furlongs:
2 Owaller 115 Porter 4-1
4 Flopale 125 Scholtz 5-1
1 Nellie Mc 108 Berger 6-1
11 Maggins 115 Sarno 6-1
2 My Blonnie 118 Knappler 6-1
3 Lottafun 119 Driscoll 6-1
2 Felix 125 Lanes 12-1
4 Soulelle Blaze 115 Stevenson 10-1
2 Unfort 115 Lanes 12-1
1 Grand Anna 105 Robert 2-1
5 Miss Anna 112 E. Smith 2-1
16 My Goodness 108 10-1

SECOND RACE—Three-year-olds and up, claiming, purse \$1000, six furlongs:
2 Running Free 115 Gage 4-1
3 Strathdale 115 Gage 4-1

Allot \$15,000 For Skating Team
CHICAGO, May 16 (INS)—It will cost \$15,000 to send approximately 16 United States skaters to Japan's Winter Olympic Games, members of the 1940 skating committee were sure today.

It is expected the United States will send four entries to compete in each of the four events to be held at Sapporo.

Roberts Outboard Victor

NEW YORK, May 16 (INS)—Exhibiting rare courage in the face of almost insurmountable handicaps, battling elements at worst, Ted Roberts won the Hearst Gold Trophy for the 130-mile outboard motor boat race from Albany to New York.

Roberts, who is 42, a 1921 pilot, ever to win this event, roared over the finished line in 3:53.45.

He was followed by Fred Jacoby, North Bergen, N. J., winner in 1935, who encountered plenty of misfortune.

Jacoby, far in the lead suffered a broken crankshaft casing and had to paddle his crippled craft the last quarter-mile to the finish line. His time was 3:39.38.

The race was delayed four and a half hours by a pelting rain, high waves that beat over the tiny craft and a blustery adverse wind.

Yanks Send Stine To Newark Farm
NEW YORK, May 16 (AP)—Lee Stine, former Cincinnati Reds pitcher who was brought up from Kansas City by the Yankees this Spring, has been released to the Yankee International League Farm at Newark.

Stine is a right-hander, 25 years old, from Long Beach, Calif. He has been used in relief roles.

Shultz, Turk Grapple at Arena
Adolph Shultz, German wrestler, will meet Pasha, the Turk, on Charlie Gordon's Wednesday bill at the Arena.

In the main event, Abe Finklestein is down to meet Pat Schaffer of California.

Welcome Mat On Stoop of Ross Camp

GROSSINGERS LAKE, N. Y., May 16 (AP)—This is one of those old time, friendly training camps.

The beautiful spot where Barney Ross is prepping for Henry Armstrong reminds you of Loch Sheldrake, near here, where Jimmy Braddock got ready to win the title from Bare; or Grand Beach, Mich., where Jim prepared for his losing battle with Joe Louis and of beautiful Saratoga where Jack Dempsey was a regular at old Tom Luther's place.

Here the lath string is out . . . State troopers do not patrol the front of the pretty cottage where Ross spends most of his time when not on the road or in the ring . . . Newspaper men, their telegraphers and almost everyone else is free to come and go, any time.

Quite different from the Schmeling camps where Max Baer himself far away from the center of things except for the 10 minutes he grants the press after each work-out, and of some of the other camps this writer has visited.

Barney Ross laughs off reports from Chicago that he'll quit after this bout, with, lose or draw . . . "I'm just beginning to make real money," he says . . . First thing after knocking out Mann, Tony Galento visited Jim Braddock's place. A waiter passed around a tray of beer . . . Our hero took two and downed them in four gulps.

Rampaging Sox Off To Conquer the West

Story on Page 30

THE SOX—By Foxx

Slugging Jimmy Foxx, the man whose thundering bat has placed the Red Sox in the lofty spot where today they look down on all other clubs in the American League, continues his own and EXCLUSIVE story of the Rose drive to the pennant. Can Grove, Wilson, et al., continue to handcuff the best sluggers the league can offer? Read what Jimmy has to say on page 30 and continue this series in tomorrow's Boston Evening American.

OF Rubber Arm—Lefty Grove, Sox southpaw, who, at 38, is leading the American League pitchers with a 6-0 record. Connie Mack claims that Lefty is pitching better now than when he was in his

prime. He's smarter. Washington got 13 hits off the ancient sidewheeler in the Sabbath encounter, but the Sox squeezed Grove home by a 4-3 count. Desautels' double with Cronin on in the eighth turned the trick.

Lefty Still Wonder Hurler

At 38, Robert Moses Grove, the lean left-hander from Lonsaoning, Md., is pitching better than when he was in his prime.

When a pitcher starts crowding 40, he's supposed to be ready for the baseball graveyard, but, on the authority of the hitters who face him, Grove is harder to beat now than he was when he was winning pennants for the Mackmen.

At his best Grove rates with Walter Johnson, Amos Rusie and Dizzy Vance as the speediest pitchers of all time. For years and years—17 to be exact—he has thrown that blinding fast ball past the hitters countless thousands of

times in hundreds of ball games.

And yet today, when he wants to cut loose, he can whip the high, hard one in just as fast as ever. Lefty has become smart and developed as fine a curve as any pitcher the game has ever had and a corking change of pace to go with his speed and now—as Connie Mack says—he's better than ever.

He pitched in three World Series for that same Mack and one year he rang up 31 victories against only four defeats. Right now he seems bent on pitching himself and his brother Red Sox into a fourth World Series and, at the rate he's

going, he might even duplicate those 31 victories he scored in 1931.

He kept the Red Sox at the top of the league yesterday by trimming Weaver and the Senators, 4-3. It was his sixth straight victory and the eighth straight triumph for the Red Sox.

Don't overlook Cronin's team. They have what it takes—good pitching, a pretty tight defense and good hitting. Jimmy Foxx, who is leading both leagues with eight homers and 39 runs driven in, seems to be headed for a big year, and so long as he and Grove keep going at top speed the Red Sox will be tough to take.

Race Results at Belmont Park

First—Jack Horner, 116 (Arcaro) 9-2, 7-5, 1-2; Black Daisy, 116 (Renick) 1-3, 1-8; Bright Gray, 112 (West-trope) 2-5. Off 2:31½. Also—Higher Bracket, Hasten Up.

SECOND RACE—Selling, steepleshaan, four-year-olds and upward, about 2½.
